

Certified Green Professional Designation

May 13-14, 2009

Green Building for
Building Professionals

May 15, 2009

Business Management for
Building Professionals

Earn A National Certification!

The National Association of Home Builders' Certified Green Professional™ designation recognizes builders, remodelers and other industry professionals who incorporate green building principles into homes, without driving up the cost of construction. Classwork leading to the designation provides a solid background in green building methods, as well as the tools to reach consumers, from the organization leading the charge to provide market-driven green building solutions to the home building industry.

How Do I Get My CGP?

To earn the CGP designation you are required to:

- Complete and pass NAHB's Green Building for Building Professionals (2 day course) **AND**
- Complete and pass NAHB's Business Management for Building Professionals (1 day course)
- Have a minimum of 2 years of building industry experience
- Upon completion of both courses, submit a signed copy of the CGP Code of Ethics and the CGP graduation application along with a graduation fee of \$145 (NAHB Members) / \$245 (non-members)

Graduates Will Be Able To:

- Locate and design green building development sites.
- Control moisture and durability for each component of the building envelope effectively.
- Employ resource-efficient materials to achieve comfortable, safe and sustainable buildings.
- Strategize ways to meet, exceed and verify green building energy efficiency requirements.
- Implement indoor and outdoor water conservation practices and achieve indoor air quality.
- Explain a homeowner's and builder's role in effective operation and maintenance of a green home.
