

# 2011 Parade of Homes Entry Packet

Dear Builder,

The Asheville Home Builders Association is pleased to announce the 30th Anniversary of the Parade of Homes! This unique event highlighting new construction in our area has been a staple in the homebuilding industry for years! The opportunity comes once a year to showcase your craftsmanship by entering your home in the Parade of Homes.

As we venture into the 30th Anniversary Year we are excited to continue to offer a full color glossy publication which features each of the homes and builders. Consumers in our area use this guide to tour the homes during the Parade Weekends as well as for future reference when finding a builder or remodeler!

In an effort to protect the integrity of the Parade and provide a true service to the community, your Parade Committee has implemented a NEW "Level of Completeness" process. This year builders will be required to select a minimum level of completeness that they can guarantee that their home will meet when the Parade Weekends arrive. Utilizing this system will help guide the public through our magazine and into homes that are safe and open for viewing while notifying them of homes that are not complete enough to be toured. Builders will be required to put down a deposit securing their selection but they will be able to change their level up until August 1, 2011. Builders meeting their guaranteed level of completeness will receive their deposit back in full, while those not meeting their guaranteed level will lose their deposit. This process is new and we want to work with you to make it a success! Check out the details on page 3 of this packet.

This annual event provides great exposure for both builders and associates. Utilize this opportunity to get your company the recognition it deserves within the building industry! The AHBA promotes each Parade to the general public through an all encompassing media campaign including radio, print, billboards, tv and more!

Additionally, builders participating in the 2011 Parade have access to the exclusive Associate Member Discount Program. There are over 35 companies that are ready to offer you a discount for using their products and services in your 2011 Parade Home! These discounts range from free estimates, to paid entry fees and much more. Don't miss this opportunity to "Do Business with a Member" while saving yourself money!

We look forward to working with you and your company during the 2011 Parade of Homes. Please feel free to contact us at any time as we are here to help walk you through this entry process while making your company shine in the AHBA Parade of Homes!

Kind Regards,  
AHBA Staff

# SPECIAL PROJECTS ENTRY INFORMATION SHEET

The Special Projects section provides great opportunity for builders to highlight a specific project on a home. The idea behind this section is to encompass a smaller portion of a home versus the entire home. This section will allow a builder to enter a kitchen, master suite, bathroom, closet and much more. The overall goal of the Parade of Homes is focused on promoting the craftsmanship and style of our members—this section will allow us to continue to focus on the main Parade of Homes entries while offering a supplement of small projects that are of interest to consumers in our area. This section is ideal for the custom builder who doesn't have an unoccupied home to enter into the Parade. Special Projects are not allowed to be on tour during the Parade so you can feature aspects of your homes even when they are already occupied!

Entries into this section will be displayed on a 1/2 (half) page template in the 2011 Parade of Homes Magazine. All entries will be inserted into the same pre-set template. No physical location of project will be published. Entries in this section are strictly prohibited from being open to the public to view/tour during the Parade. In addition these entries will not be advertised online. Builder is responsible for gaining prior consent from homeowner to use any photos of occupied space for entry.
